

DEMOUNTABLE GUIDE POSTS

APD- unground *.015 grind stock on d' dimension

APG- finished ground

- Large savings in maintenance, repair costs and downtime

- A wide variety of sizes

- Long, trouble free production runs

- Highest quality workmanship and materials

- "d1" dimension is finished ground.

- Flange should be ground flat when grinding the "d1" dimension to assure a square surface when seating the pin.

Note: Guide posts are 1/8" shorter than nominal.
