Aluminum Bronze with Self-Lubricating Graphite Plugs

**PLASTIC INJECTION MOLDS  
SPECIAL MACHINES  
PRESS GIBBING  
SPECIAL SLIDE APPLICATIONS**

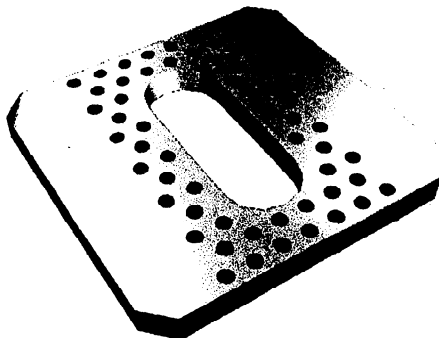

Lamina Gib Assemblies consist of 1 base plate, 2 L-Gibs, assembly screws and dowel pins. They are available with chamfered corners or square corners.

L-Gibs are drilled and counterbored for screws and are spot drilled for dowels. Refer to L-Gib page for dimensional information.
