**STRIP C'LIP™
SYSTEM**

—THE ANSWER TO THE OLD
QUESTIONS OF HOW DO I . . .

- lubricate very light gauge material?
- lubricate very narrow material?
- get an oiler into a very narrow space?
- lubricate the vertical material in my four slides?
- lubricate only the top of my narrow material?
- lubricate only the bottom of my narrow material?
- put a heavy lubricant on the top and a light lubricant on the bottom of my material?
